## ANOTHER TRIUMPH FOR THE WOOLS THAT WIN COMPETITIONS

In every big Competition users of Patons and Baldwins Knitting Wools are well to the fore amongst the prize-winners. In the "Daily Express" Competition the 1st prize in Class I. has been won by a pull-over knitted from Patons and Baldwins 2-ply Shetland Wool. This is just one more to add to the list of successes which these wools, by their reliability and beauty, have achieved.

The smoothness of Patons and Baldwins Wools makes knitting easy, and their softness, their lovely colours, and their many other eye-pleasing qualities count largely when they are used for garments which must compete with thousands of others for pride of place.

Experts use PATONS & BALDWIN'S KNITTING WOOLS Every Ounce Guaranteed.

Your work can be as satisfactory as theirs if you use the right wools always.
